- B. Add your points for questions 3–12. _____
- C. Subtract B from A. _____ (total points)

Points Strategy Asset Class Mix

- 10–19 Capital Preservation: 55% Fixed Income; 45% Equity
- 20–49 Moderate: 40% Fixed Income; 60% Equity

**If your score points you to the growth strategy, consider investing in the aggressive strategy if the amount that you are investing for this goal represents only the aggressive portion of your total portfolio and if you already own more conservative investments—such as fixed income and short-term securities—that can provide a balance to the short-term fluctuations of stocks.*
